

Equality Impact and Needs Assessment (INA) Form

Name of the policy, function or project

Blaby D.C. Health & wellbeing Strategy

Service: **Health & Leisure**

Complete this form for any existing/proposed policy/function/project regardless of whether it is aimed at external customers or internal staff. Please also be aware that equality policy applies to staffing/human resources issues as much as to external service delivery issues. Please note that existing policies/functions will be assessed as per an agreed annual programme.

Answer every question – even if it is negative.

If you conclude that there is a negative impact you will need to review the policy/function/project to improve the equalities performance and minimise or remove the impact. This should be done using the 'Improvement Actions Planned' table. Where appropriate such actions should be included in your Service Plan for the following year.

If the Corporate Equalities Group (CEG) feels this impact assessment needs further consideration, **you will be asked to review your conclusions.**

As a result of this exercise, you will have checked that your policy/function/project does not have negative/adverse impacts in terms of Gender, Race, Disability, Age, Sexual Orientation, Religion or Belief (equality target groups) or if it does you will have identified relevant actions needed to minimise or remove such impact and their likely resource implications.

This is not simply a paper exercise – it is designed to make sure that your policy/function/project and service (development) is delivered fairly and effectively to all sections of our local community, and our employees!

Please note that the Council is required to publish the results of these assessments, and update; therefore **your completed form may be a public document.**

Once completed, please pass this form, together with documentation describing both the policy/function/project it concerns and any evidence relating to assessed impacts, to Alison Moran, Performance Manager in the first instance. *(If this is a new policy/service/procedure/function/project this form will also need to be attached to your Cabinet or Council report)*

To complete the form using 'check marks' in the boxes, position the cursor over the box you require, left double click, then select 'checked' in the 'check box form field options' box that appears on screen.

c. Impact Assessment

1. Complete the following tables for each equality target group, by inserting a check mark or tick in one of the 3 options columns - Positive impact, Negative impact, Neutral.

- ★ Consider the information gathered in Section (a) of this form, compare monitoring information with census data, and considering any other evidence, research or consultations, identify any instances where you believe people in different equality groups could be impacted differentially.
- ★ This is particularly important where you think that the policy/function/project could have a **negative impact** on any of the equality target groups, i.e. it could disadvantage them, but also
- Where you think that the policy/function/project could have a **positive impact** on any of the equality target groups or contribute to promoting equality, equal opportunities or improving relations within equality target groups
- Otherwise, if you think that neither negative nor positive apply, then choose **neutral impact**
- Note that only **one** type of impact can be applicable for any particular equality group category e.g. male or female.
- **In all cases, please state briefly the reason/rationale for your assessment.**

a) How will the policy/function/project/procedure impact on men and women? e.g. flexible working arrangements might have a positive impact on women with caring responsibilities

If you conclude that there is a **negative impact** in one or more of the target groups you will need to **amend the policy/function/project and/or take further action, to minimise or remove the impact** This should be done using the 'Improvement Actions Plan' table overleaf. If you think that other actions could be taken **to increase any positive impacts**, please include these too. Where appropriate, such actions should be included in your current/proposed Service Plan.

Impact & Needs Assessment: Improvement Actions Plan

Please list below any recommendations for action to improve the equalities performance of the policy/function/project that you plan to take as a result of this impact assessment. This could be to change the policy itself or involve other initiatives. Where appropriate, these actions should also be included in your current/proposed Service Plan.

Improve accessibility to all projects / work being undertaken under the strategy.	All relevant projects should monitor delivery in terms of equality groups and where group(s) are found to be significantly under represented, then action will be taken to increase take-up by these groups.
