LA RESIDENTIAL AND PRIVATE AUTHORISED SITES**

**INTRODUCTION**

My name is [ ] and I work for Birmingham University. We have been asked by local councils in this area to see what sort of accommodation Gypsies and Travellers need locally. We want to be sure that we understand what Gypsies and Travellers need and want, so we want to talk to a number of people – in houses, on sites and on the roadside – to get a range of views.

Would you be willing to talk to me? It will probably take about 40 minutes. If you agree, I will be writing down your answers but the interview will be completely confidential. We are completely independent of any local council, the police or the DSS. No-one will be identified in any report, and there is no way that anyone will be able to trace any particular answer back to you. If there are any particular questions you don't want to answer, just say so. So, would you be willing to talk to me now? If it's awkward now, I could call back later on today.

UNAUTHORISED SITES WITHOUT PLANNING CONSENT**

**INTRODUCTION**

My name is [ ] and I work for Birmingham University. We have been asked by local councils in this area to see what sort of accommodation Gypsies and Travellers need locally. We want to be sure that we understand what Gypsies and Travellers need and want, so we want to talk to a number of people – in houses, on sites and on the roadside – to get a range of views.

Would you be willing to talk to me? It will probably take about 40 minutes. If you agree, I will be writing down your answers but the interview will be completely confidential. We are completely independent of any local council, the police or the DSS. No-one will be identified in any report, and there is no way that anyone will be able to trace any particular answer back to you. If there are any particular questions you don't want to answer, just say so. So, would you be willing to talk to me now? If it's awkward now, I could call back later on today.

**INTRODUCTION**

My name is [ ] and I work for Birmingham University. We have been asked by local councils in this area to see what sort of accommodation Gypsies and Travellers need locally. We want to be sure that we understand what Gypsies and Travellers need and want, so we want to talk to a number of people – in houses, on sites and on the roadside – to get a range of views.

Would you be willing to talk to me? It will probably take about 30 minutes. If you agree, I will be writing down your answers but the interview will be completely confidential. We are completely independent of any local council, the police or the DSS. No-one will be identified in any report, and there is no way that anyone will be able to trace any particular answer back to you. If there are any particular questions you don't want to answer, just say so. So, would you be willing to talk to me now? If it's awkward now, I could call back later on today.

**INTRODUCTION**

My name is [ ] and I am working on behalf of Birmingham University. We have been asked by local councils in this area to see what sort of accommodation Gypsies and Travellers need locally. We want to be sure that we understand what Gypsies and Travellers need and want, so we would like to talk to a number of people – in houses, on sites and on the roadside – to get a range of views.

Would you be willing to talk to me? It will probably take about 30 minutes. If you agree, I will be writing down your answers but the interview will be completely confidential. We are completely independent of any local council, the police or the DSS. No-one will be identified in any report, and there is no way that anyone will be able to trace any answer back to you. If there are any particular questions you don't want to answer, just say so.

Would you be willing to talk to me now? If it's awkward now, I could call back later on today.
